Exhibitor spot—table with chair at the Summit

Your sponsorship makes possible the only gathering in the Mountain State solely focused on enhancing the care of older adults in WV. This annual event brings together interprofessional individuals interested in enhancing the care of older adults in West Virginia. The best and the brightest in the field offer best practices, provocative new ideas, tools, techniques, and information to empower the very best care. In addition, your support funds the WVGS Annual Student/Resident Original Research or Case Study Poster Contest as we encourage students to become interested in and pursue a career in geriatrics.
